CAREER OBJECTIVE

Senior Front-End Engineer with 10 years of proven leadership and meaningful contributions to teams of varying size and scope. With my results-driven mentality, I transformed my team at W+R Studios (now Lone Wolf) by seeking, learning, and teaching new, efficient technologies to make aggressive deadlines consistently achievable. Passionate about going the extra mile to ensure the customer is unquestionably satisfied with the product or service provided. With emphasis on scalable and well-documented code, I look forward to working collaboratively as well as spearheading independent projects.
